关于全国报刊索引

About CNBKSY

《全国报刊索引》创立于 1955 年，是上海图书馆（上海科学技术情报研究所）主管主办并倾力打造的专业信息服务品牌。

六十余年来，《全国报刊索引》已由最初的月刊出版，发展为汇聚两百年历史文献成果，深度挖掘和组织的特大型综合性知识服务体系，囊括期刊、报纸、图书、图片等各类文献资源。

经过数十年坚持不懈地资源挖掘和合作共建，我们逐步建成《全国报刊索引——数字文献资源全库》（以下称“全库”），海纳近代时期的20,000余种期刊、4,000余份中英文报纸、120,000余种图书以及10,000余种现刊，实现书、报、刊、图全覆盖。

《全国报刊索引》仍将继续致力于文献的数字化建设，不断更新和丰富全库资源，为广大读者和研究者提供更精致的服务。

Founded in 1955, CNBKSY is a professional information service brand sponsored and fostered with relentless efforts by Shanghai Library (Institute of Scientific and Technical Information of Shanghai).

Over the past more than 60 years, CNBKSY has grown from a monthly publication into a comprehensive knowledge service system that gathers the historical literature spanning two hundred years. Now it has included all kinds of literature, including periodicals, newspapers, books, and pictures, and is actively engaged in in-depth content mining and organization.

After decades of persistent resource mining and cooperation, CNBKSY has gradually included more than 20,000 periodicals, 4,000 Chinese and English newspapers, and 120,000 books of modern times, and over 10,000 current periodicals, achieving full coverage of books, newspapers, periodicals, and pictures.

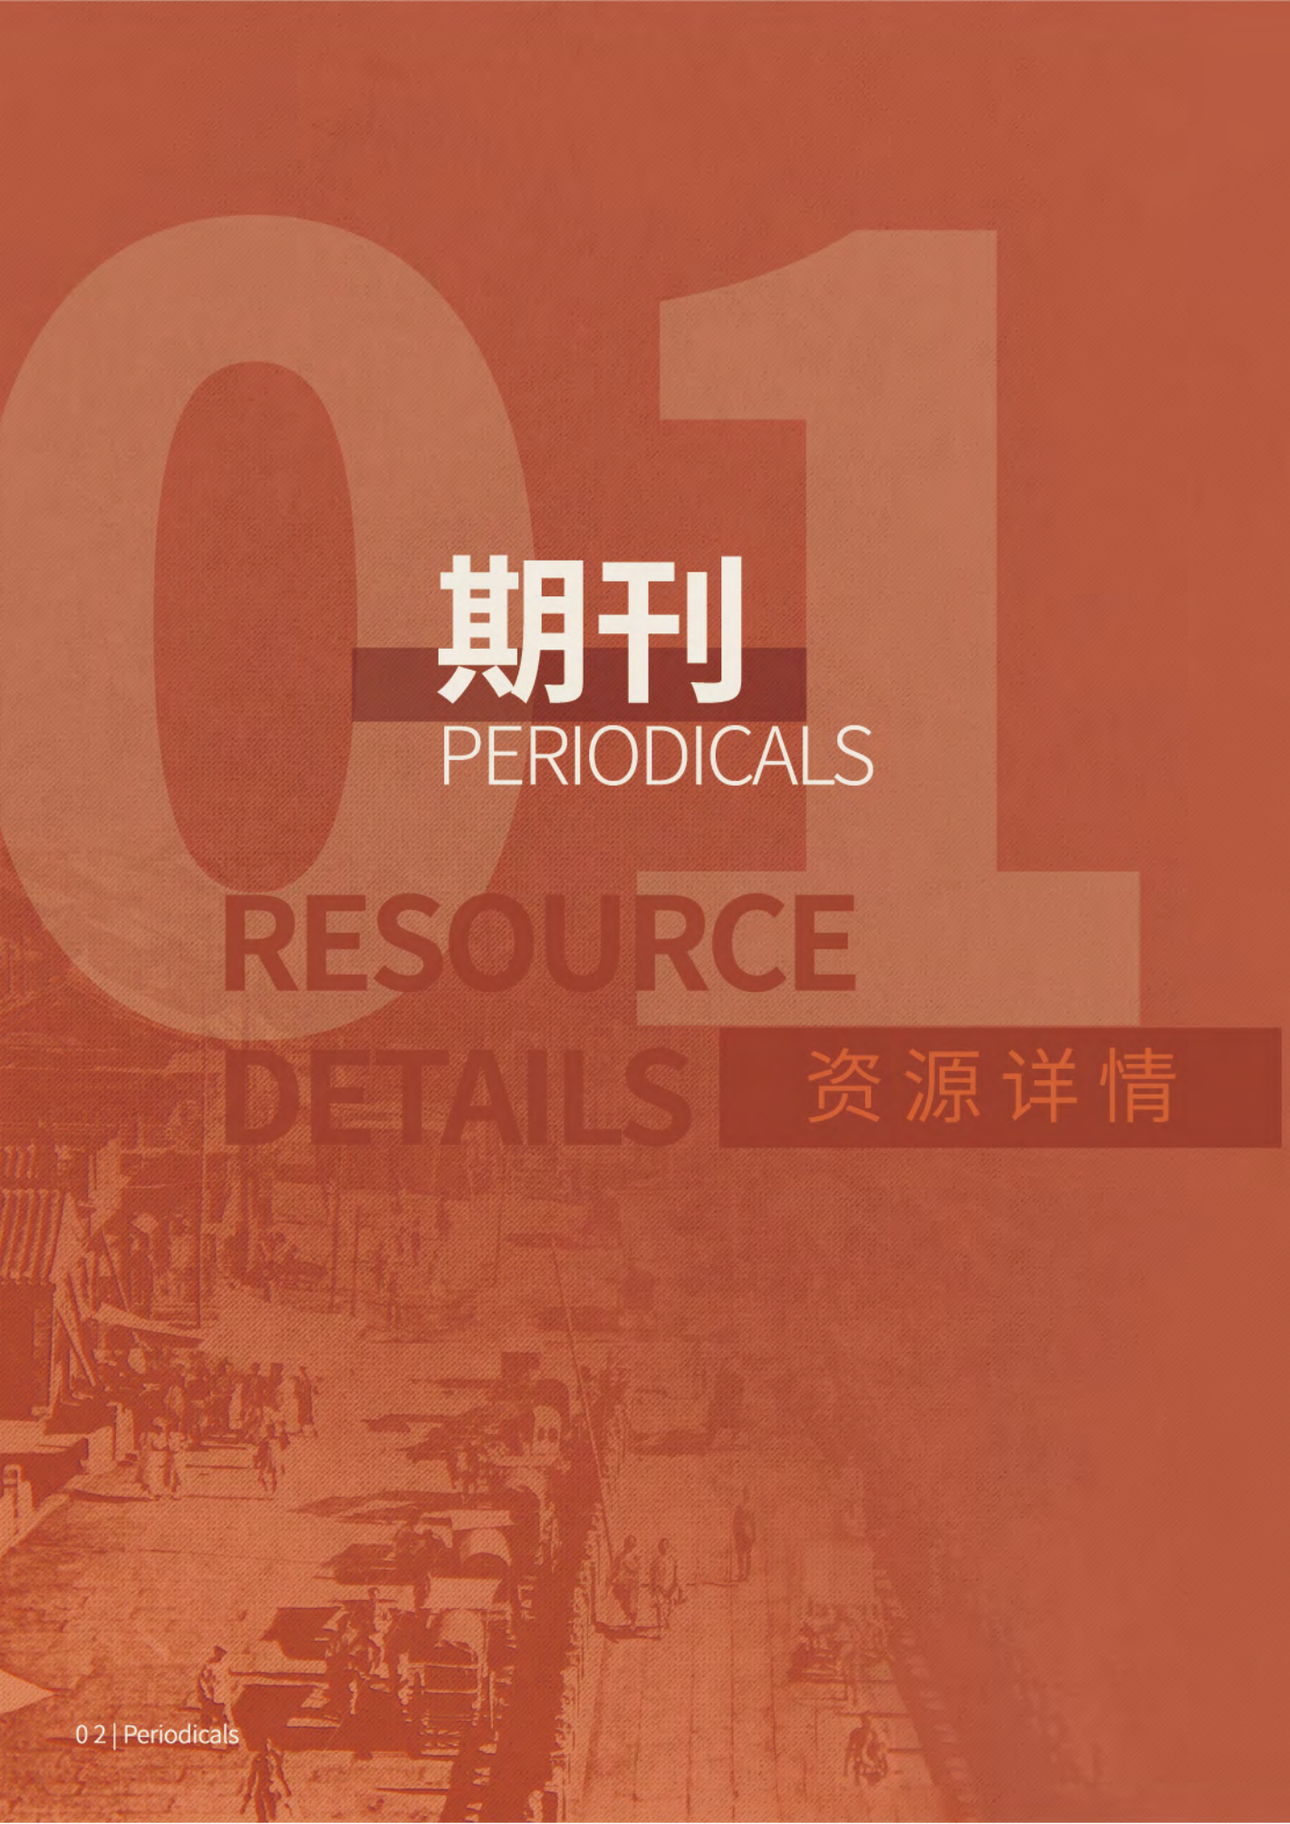

CNBKSY will continue to work on literature digitization, constantly updating and enriching the resources of the platform to provide better services for readers and researchers.

功能特色

FEATURED FUNCTIONS

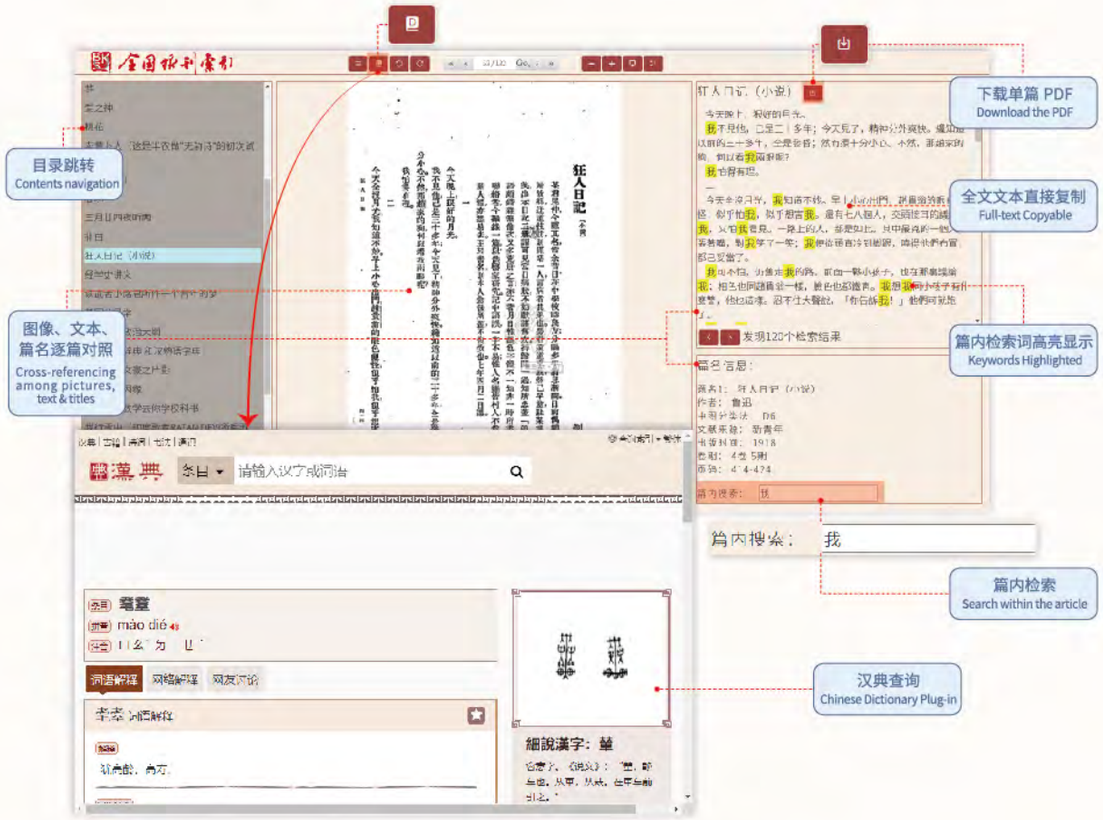

《全国报刊索引》网络服务平台（www.cnbksy.com）除具备一站式检索、高级检索、专业检索、文献聚类等完备的基础功能外，根据各类文献资源的特点，开发了系列特色功能。

In addition to the complete basic functions such as cross-database search, advanced search, professional search, and literature cluster, the platform(www.cnbksy.com) also provides a series of featured functions according to the characteristics of each literature type.

全文检索
Full-text Searchable

数据库精选各类专题期刊，在原本扫描图像的基础上，进行全文本识别，极大地丰富查询结果，提升信息获取效率。

The database incorporates various thematic periodicals that have undergone original image scanning and full-text digital identification, and greatly enriches the search results and improves the efficiency of information acquisition.

汉典查询
Chinese Dictionary Plug-in

将汉典嵌入到整本浏览界面，方便使用者随时查阅，轻松快捷。

A Chinese dictionary is accessible in the entire browsing interface, making it convenient for users to look up words anytime.

日历导航
Calendar Navigation

以日历形式全面展示报纸收录情况，每份报纸的发行周期与刊行规律一目了然，可以拖动时间轴，选择年、月，逐日进行整本浏览或篇名浏览。

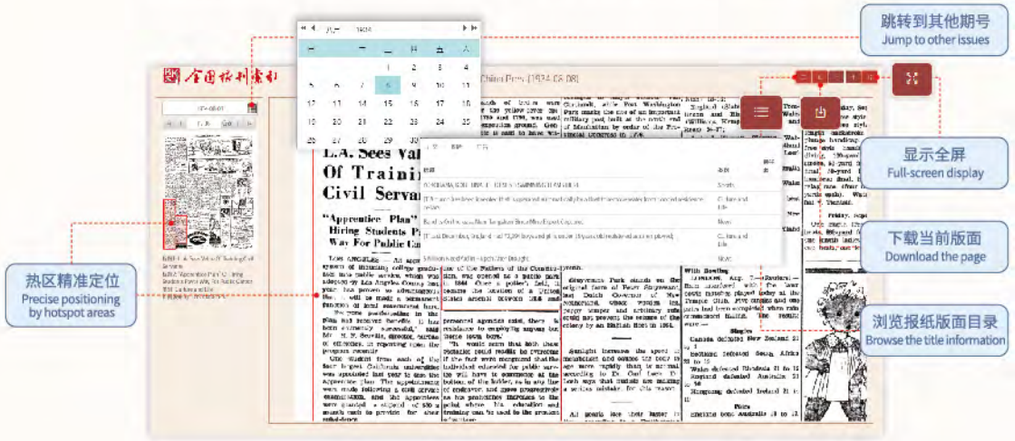

Comprehensively displayed in the form of a calendar, the release cycles and publication patterns of newspapers can be seen at a glance. One can drag the timeline and select a month in a year to browse day by day the content or just titles.

热区精准定位
Precise Positioning by Hotspot Areas

不同颜色的热区助力使用者快速辨识文章区域，精准定位正文、图片、广告各类文章，提升文献浏览和研究体验。

By clicking hotspot areas of different colors, users can quickly identify newspaper structure and precisely locate articles, pictures, and advertisements, enjoying an enhanced experience of literature browsing and research.

全文检索
Full-text Searchable

图书库将提供全文检索功能，同时支持书内检索。检索词精准定位、高亮显示，极大地丰富检索结果，提升文献的利用率。

Books of Modern China (1840~1949) will support both full-text and intra-book search. Search results can be accurately located and highlighted, to make better use of precious library collections.

地图检索
Map Search

依托上海图书馆数字人文团队的研究成果，图书库可进行地图检索。框选区域，结合检索条件，即可进行跨出版地检索，浏览选定区域范围内的近代图书。

The book database provides map search leveraging the research achievements of the digital humanities team of Shanghai Library. By selecting a region and combining search conditions, one can search across publication places and browse books of modern times within the selected region.

版本聚类
Version Cluster

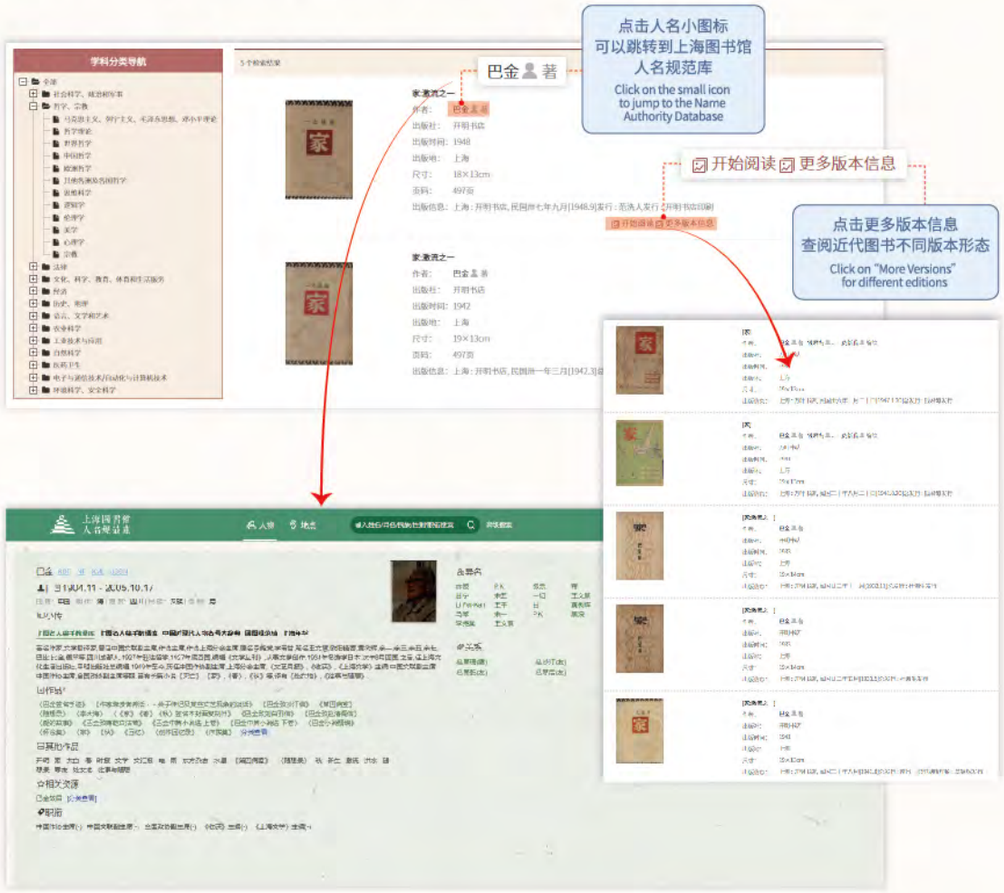

点击“更多版本信息”，可以查阅近代图书的不同版本形态，方便使用者进行比较研究。

A click on "More Versions" will give access to different versions of the books of modern times, which allows users to conduct comparative research.

知识库关联
Connection to Knowledge Databases

支持与人、地、时等基础知识库进行数据交互，如点击人名小图标可以跳转到上海图书馆人名规范库，查看更详细的介绍及更多相关资源。

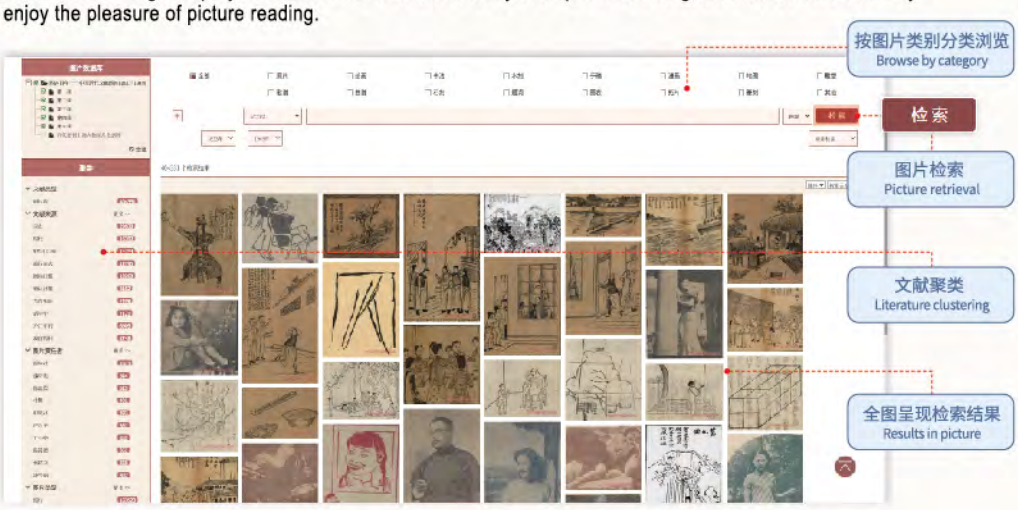

The database is connected to the general knowledge base (people, places, time, etc.) and supports data interactions with other service platforms of Shanghai Library. Such as clicking on the small icon to jump to the Name Authority Database, where more detailed introduction and related resources are available.

分类浏览
Category Browsing

图库分为照片、漫画、木刻、书法、地图、雕塑等十六种类型，全图呈现检索结果，浏览方便快捷，使读者沉浸其中，充分享受读图的乐趣。

The pictures are divided into 16 categories, such as photo, comics, woodcut, calligraphy, map, sculpture, etc. The full-image display of search results enables easy and quick browsing, so that readers can fully enjoy the pleasure of picture reading.

图文勾连
Combination of Pictures and Articles
